Consumer Notes:

All things considered, this is once again a fairly quiet month. We can say, though, that the South Park videotapes will become available (and we expect them to do pretty well ... with the current atmosphere surrounding the show it's a no-brainer) at exactly the right price. Check them out! You should probably also strongly consider the second Evangelion laserdisc, since it will probably be pressed in fairly small numbers. Finally, consider the Ninja Scroll DVD, and the Iria: Zeiram DVD... it's the whole enchilada on a single disc! Truly, this is the shape of things to come!
